

## **Sterling Birds Tour with the Cambodian Bird Guide Association**

February 21 – March 4, 2025

Price \$3,800 (5-7 participants) or \$3,600 (8-9 participants) per person (not including international airfare)

\$280 single supplement. Single supplement is not valid for Tmatboey, Changkran Roy and Boeng Toal, (if there's room available at these places then we could arrange it with no charge.)

I'm looking to add a five-to-six-day extension to central Thailand with flight from Siem Reap to Bangkok. Fantastic bird hides abound along with nearby salt ponds where a few Spoon-billed Sandpipers winter. Price and itinerary to come soon.

Join us for a fantastic experience with highly endangered birds including Giant Ibis, White-winged Ibis, several species of vultures, Bengal Florican, and other goodies such as Mekong Wagtail and a lot of woodpeckers. We will visit the world heritage site of Angkor Wat too!

Be sure to click on links to the sites that we will visit—they are chock full of information including expected bird species.

February 21<sup>st</sup> -- Group arrival day and transfer to hotel in Siem Reap

February 22<sup>nd</sup> -- Full day at Angkor Wat temples for birding and sight-seeing at this famous historical site

February 23<sup>rd</sup> – Morning to Prek Toaf, afternoon to Changkran Roy

February 24<sup>th</sup> – Morning at Changkran Roy, afternoon return to Siem Reap

February 25<sup>th</sup> – Full day to Ang Trapeang Thmor
